
MONTROSE SCHOOL

2003/2004

Dear Parents and Students:

The staff of Montrose School would like to take this opportunity to thank you for the support and commitment to helping our students be their best.

This 2003-2004 yearbook is dedicated to our grade 6 class who are celebrating their last year with us. The cover we chose depicts students heading away from us towards bright new horizons. We brainstormed with our Grade 6's to find out what their favorite Montrose memory was, what they would like to become in the future, and if they could travel anywhere in the world, where would it be? We hope you enjoy reading some of their responses throughout this book.

While each school year is filled with opportunities and challenges, we like to focus on the growth of each student. We hope that you will enjoy this year book for years to come, when you can look back and witness first hand the growth of your child and other children in their classes.

We hope that the summer break is an opportunity to share good times, peaceful moments and the love of family and friends. It is requested that you remember our literacy focus over the summer break and enjoy a good book with your children under a nice shade tree on a hot summer day.

Enjoy your summer and we look forward to seeing all of you back with us in September.

One memory about this school is about how we had family groups.

I remember when I was a mouse for the Christmas concert. I got to babysit at the school. I also remember when the grade sixes got to take a baby sitting course.

I like Montrose because of the staff. Montrose also has great field trips. I also loved the volleyball tournament between the teachers and the grade 6's.

I remember all the D.A.R.E. lessons we had.
